

How to Perform a Checkup on Your Child's IEP/504

- ✓ Does your child have an IEP or 504 for Dyslexia? Dysgraphia? ADHD?
- ✓ Do you wonder what happens at school now that this legal document is in place?
- ✓ Has your child provided feedback on the accommodations and services being received?

Send your questions in advance to info@dagnaperville.com. Our panel of dyslexia parents and experts will provide the answers you need.

Please join Dyslexia Action Group of Naperville for a free community program on how to perform a mid-school year checkup on your child's IEP or 504. We will have local DAGN parents present information regarding the basic process of managing your IEP or 504, reviewing and evaluating what is and isn't working with your child's accommodations and what to do about it, how to encourage child self-advocacy, and current technology basics for assisted learning.

Wednesday November 13th, 7 pm, 95th Street Naperville Public Library
